COMMONWEALTH OF VIRGINIA

STATE CORPORATION COMMISSION

AT RICHMOND, AUGUST 28, 2001

APPLICATION OF

BARC ELECTRIC COOPERATIVE

CASE NO. PUE000232

For a revision of retail base
rates, service charges, and
terms and conditions for
electric service

ORDER GRANTING MOTION

On August 14, 2001, the State Corporation Commission ("the Commission") entered its Final Order on BARC Electric Cooperative's ("BARC's" or "the Cooperative's") rate application. In that Order, among other things, the Commission directed BARC to supplement its pending functional separation application docketed as Case No. PUE010002, so that the Cooperative's total purchased power cost as determined in the captioned case and bundled rates filed in conformance with the August 14, 2001 Order could be considered in Case No. PUE010002.

On August 27, 2001, BARC, by counsel, filed a Motion for the reconsideration of the August 14, 2001 Final Order. In its Motion, the Cooperative notes that it has been analyzing its rates and rate structure to take into consideration the revised

total purchased power cost and rate determinants used by the Staff in its analysis of BARC's proposed change in rates. BARC maintains that the Cooperative will not be able to complete and submit its supplemental information in Case No. PUE010002 by August 31, 2001. The Cooperative advises that it could file the supplemental information by no later than September 17, 2001. BARC represents that the Commission Staff does not oppose the Cooperative's request for an extension of time. BARC requests that the Commission reconsider its Final Order and amend that Order to allow the Cooperative until September 17, 2001, to supplement its pending functional separation plan application to reflect the findings in the captioned matter.

NOW UPON consideration of BARC's August 27, 2001 Motion, the Commission is of the opinion and finds that good cause having been shown, BARC's August 27, 2001 Motion should be granted; that Ordering Paragraph (9) of the August 14, 2001 Final Order should be amended, and BARC granted an extension from August 31, 2001, to September 17, 2001, in which to file the prescribed supplemental documents in Case No. PUE010002; and that the provisions of the August 14, 2001 Final Order should otherwise remain effective.

Accordingly, IT IS ORDERED THAT:

(1) The August 27, 2001 Motion for Reconsideration of the Final Order of BARC Electric Cooperative is hereby granted.

(2) The time in which BARC must supplement its functional separation application as directed in Ordering Paragraph (9) of the August 14, 2001 Final Order entered in the captioned docket shall be extended from August 31, 2001 to September 17, 2001.

(3) The remaining provisions of the August 14, 2001 Final Order shall remain in effect.
